MEMBERSHIP BENEFITS (cont)

Networking to build business relationships

VMA provides members the opportunity for networking with other operators and coach specific providers at annual operator meetings, and at the Annual Convention operators have the opportunity to network with fellow operator members and associate members representing attractions, hotels, theaters, destinations, restaurants, coach specific vendors, as well as tour operators and tour receptives.

Creating unity for common goals

VMA's Board of Directors and staff believe there is strength in numbers. A task one member may find difficult to address alone, all members working together through the Association may accomplish. Whether the issue is local, state or federal in nature, there is strength in one voice speaking for many.

Promoting cooperation among operators and associates

VMA promotes the idea of members working with members, which is one of the greatest benefits of association membership. The industry is all about relationships and VMA provides several forums for networking to build relationships, which promotes cooperation among its members.

Advocating legislation that positively impacts the motorcoach industry

VMA's Board of Directors promote legislation to enhance the motorcoach industry in Virginia. VMA sponsors an annual legislative event at the Capitol to promote its state legislative issues. VMA also invites key personnel from American Bus Association and United Motorcoach Association to Annual Conventions and operator meetings to keep members abreast of national legislation that affects the motorcoach industry. VMA routinely communicates information throughout the year to its members to keep them informed of legislative action needed, such as writing letters to state legislators or Congressmen to support or oppose legislation that impacts the motorcoach industry.
